PATENTED METAL SCRIP

Dear Sir:-

The writer and Mr. Ingles originated and introduced Patented Metal Scrip sixteen years ago. In that time it has proven an unequalled source of the greatest economy and satisfaction to the hundreds of operations where in use.

Each piece of Patented Metal Scrip bears the name of both the maker and the user -- positive protection against any duplication. Each piece bears our patented design as a further protection. In fact the safeguards with which we have surrounded Patented Metal Scrip are more than ample.

We are furnishing Patented Metal Scrip to something like 80% of the Coal Operators in your state, including New River Company, Consolidation Coal Co., Pocahontas Fuel Co., West Va. Coal & Coke Co., Etc. Etc.

Our pride has been to furnish the best possible Patented Metal Scrip at the lowest possible figure. If favored with your order you may rest assured that it will be executed to your entire satisfaction.

Bear in mind please, that the first cost of Patented Metal Scrip ( a very nominal one ) is the last and only cost. Further, Patented Metal Scrip, unlike Paper Scrip, may be entered upon your books of record as an ASSET, the same as you would any fixture or permanent equipment, for such it is.

If you will be so good as to inform us of the amount of your largest monthly scrip business, we will be pleased to inform you as to the quantity and assortment of Patented Metal Scrip your requirements call for.

Below we submit a rough sketch or design for the FACE side of your scrip. The reverse side, in addition to our name, trade mark and denomination will carry the necessary wording to conform with the recently enacted Scrip Law, namely; "Payable in cash on pay days when due, to employee to whom issued." "In merchandise only." "Non-transferrable."

You will never, from any standpoint, regret having "turned" to Patented Metal Scrip and it will be our good pleasure to serve you faithfully and well. May we hear from you, please?

Very sincerely yours,

Gentlemen:-

We have under consideration the purchase of a National Scrip Issuing Register, made by The National Cash Register Company and we are writing to inquire as to the cost of sufficient Metal Scrip to be used as change in connection with one of these machines.

Our largest month's scrip business would be around \$7,000.00. We would want the scrip designed with a punch out design, preferably the Diamond O, so that it would be easily distinguished from the scrip issued by the other nearby companies.

Yours very truly,

Dear Mr. Richards:-

We thank you for your favor of the eighth. It has been our privilege to closely follow the installation of a number of the N C R Scrip Issuing Registers and we can assure you they are rendering the best of service and are highly satisfactory.

As to an assortment of Patented Metal Scrip to meet your requirements- the following is what we recommend, as a properly assorted unit for your business.

200 Pieces	1.00	350 Pieces	50¢
350 " "	.25¢	700 " "	10¢
900 " "	5¢	1000 " "	1¢

The above assortment, totaling three thousand, five hundred pieces, we will furnish you for the sum of 168.75 less 5% in 10 days or 30 days net from date of shipment; F.O.B. Dayton, O.

We can either engrave the Diamond O on your Scrip (face) or give you a cut out as shown in sketch below. If the design is engraved on the face of the Scrip, it can be made to conform with the design on your letter head.

Whichever you elect, you may rest assured you will be furnished Scrip of which you may justly feel proud. It will be a pleasure indeed to give your order personal and close supervision to that end.

Please bear in mind also please, that Continuous, Gratifying and MONEY SAVING service at a small cost is in store for you if you adopt our PATENTED METAL SCRIP. Your small cost is the first, last and only cost.

We await the favor of your order which we shall execute with both care and dispatch.

Very sincerely yours,

Ingle - Schierloh Company.

Feb. 11, 1930

In re-Richterloh company,  
Dayton, Ohio

Gentlemen:

Please accept our thanks for your quotation on the scrip for our Boncar Mine Commissary. These we want to be in nickelized for all denominations and the wording on the face of the scrip will be Electro Metallurgical Company Commissary with Boncar, W. Va. in or near the center and the letters E & C cut through the scrip near the center or bottom. Which ever way is convenient and of course the special wording and design to conform to the West Virginia scrip statute relating to re-delegation will be required on the back. Below is a design of our old West Virginia Eagle Scrip which will show you the size that is used in our machine here.

We believe the wording Electro Metallurgical Company Commissary would be best placed around the rim in the place of West Virginia Eagle Coal Company. The denomination and wording Boncar, W. Va. together with cutting through the scrip the letters E & C could best be conveniently designed by you. The order to you we understand is: 100 - 1.00 pes.; 50 - 50 pes.; 40 - 25 pes.; 20 - 10 pes.; 10 - 5 pes. and 000 - 1 pes. at your price of \$102.30 f.o.b. Dayton for the total of \$150 pes. Kindly let us know when you will make delivery.

Very truly yours,

February 24, 1930.

Mr. J. R. Charlton, Manager  
Electro Metallurgical Company,  
Boncar Coal Mine,  
Boncar, West Va.

Dear Mr. Charlton:

We thank you for your Scrip Order of the 21st., which has been entered for immediate attention pursuant to the following-

The expense of piercing the Scrip was not included in our quotation for the reason that West Va. Eagle scrip had not been pierced and nothing was said respecting piercing.

Your suggestion as to piercing the letters E C through each piece leads us to remark that the 5¢ and 1¢ pieces are really too small to take what we call a "double piercing" since there is not enough diameter to these pieces to permit of it without causing these two sizes to appear mutilated - on the other hand to pierce one portion with two letter piercing and another portion with one letter piercing would not, to our mind, be the right thing, for above all you do want uniformity in your Scrip.

Hence we have concluded it best, and have so entered your order, to pierce the letter "E" only through each piece, which will accomplish exactly the same result from the standpoint of identification and permit us to turn out a far more acceptable lot of Scrip from the viewpoint of appearance.

The total cost of the 3150 pieces, including Special Piercing with the Letter "E" will be \$121.28.

Assuming that the foregoing will fully accord with your views, a RUSH ORDER has been entered with the hope if at all possible of running your Scrip through within a week's time. If anything to the contrary, you will therefore please WIRE us at once immediately upon receipt hereof. In all other respects we shall carry out your wishes as to arrangement of embossing and are sure you will be highly pleased with your Scrip. Again thanking you for the order, we are,

Yours very truly,  
Ingle-Schierloh Company,

Also be assured please, that if we are engaged with your order, it will be given prompt attention and receive our best care and supervision. Awaiting your receipt of a favorable, and we trust prompt reply, believe us

Gautier:

Yours truly,  
Wm. Green Coal Co.  
By H.C. Chambers, S. mg.

February 3, 1926.

Mr. W. C. Chambers, Store Manager,  
William Ann Coal Company,  
Delbarton, W. Va.

Dear Mr. Chambers:-

Your letter of the 2nd just now received and  
I hasten, for two reasons, to make reply.

First of all we owe you an apology, for that in our experience  
has been a very rare happening in fact, I have no knowledge of it  
ever having happened before. I learned of this today and had de-  
termined to write you, when your letter came in. Just by a check  
up of the month's (January) shipments was the matter discovered.

Our shipping department, having been urged by the office to rush  
the order, had it all completed but for a slight amount of "punch"  
work, on the 16th of January, around noon. Confident that it would  
go forward that day they O.K.'d the item to the billing department.  
At the very last minute they experienced a breakage of the cut-out  
die, which tied up the order until a complete new set of cut-out dies  
were made up, but failed to call back their O.K. on the billing.  
The shipment as a consequence did not go out until January 20, and this  
is what I had planned to write you about today. Had we been informed  
promptly, the invoice of course would not have been forwarded until the  
shipment had actually gone forward, and we apologize for the slip up.  
We have corrected the invoice to read February 1, although as stated  
shipment went forward on the 20th of January.

Now as to the second reason for wanting to answer your letter  
immediately. Referring to the second paragraph of your letter. We  
did not write you concerning your machine. We have no Mr. Clements  
in our employ. The letter you speak of must have come from some other  
source, possibly our competitor, The Osborne Register Co., with the  
expectation that they might sell you another machine. We have no interest  
in that concern nor in any machine, other than that we have at various  
times recommended the National Script Register because of the service  
and satisfaction we know it is rendering.

We would appreciate hearing from you further regarding this matter  
and if any such letter as you mention as written you on our stationery  
the writer would indeed appreciate a copy.

Cordially,

# Ingle-Schierloh Company

Reference, MASTER METAL SCRIP

Dear Mr. Walls:

On January 30, 1926, nine years ago, it was our privilege to enter an order for an assortment of 1,000 pieces of Master Patented Metal Script for our store, but strange as it may seem, we have not had the pleasure of hearing from you once since that date. Naturally we can't help but wonder why -- if further additional scrip was needed, and if so how obtained, etc.

Would you kindly drop us a line, so that our record may definitely show if the Master Metal Script system is still in use at your store.

We await your prompt reply for which we thank you.

Yours cordially,

Gentlemen:

Referring to your letter of July 24th., with rough sketch  
of metal scrip enclosed.

Would thank you to advise us how many pieces of each  
denomination you propose to furnish in the 7250 piece lot. Also if  
the reverse side of this scrip will carry the proper wording to cover  
the West Virginia scrip law enacted last year, and what kind and color  
metal you expect to use in the manufacture of same.

Would also like you to mail us with your reply a few samples  
of metal scrip in the different denominations and different metals you use.

Mr. C. S. Neel, Store Manager,  
Central Pocahontas Coal Company,  
Capels, West Va.

Dear Mr. Neel:-

We are just in receipt of your kind favor of the 25th and hasten to reply.

The following is the assortment we would advise for the 7250 pieces which according to our experience will work out to your very best advantage. We are also noting opposite each denomination our suggestion as to material. As we have it worked out, with the three changes, you will have a good assortment as to colors. If you prefer, you can have all the denominations alike as to material, this feature is more or less subject to change and is not as important as the quantity and the assortment of the various denominations.

The sample of the Winding Gulf Colliery Company scrip herewith will show you the wording on reverse side of scrip necessary to comply with the law. This is necessary in all cases where the scrip is made up in the name of a coal company, if in the name of a store company then the regular wording as appears on the "samples" herewith is O.K. Your scrip will be made up the same as that of Winding Gulf as to wording and arrangement. Elkhorn Piney Coal Mining Co., recently won a case in court based on our scrip worded as indicated.

Would appreciate your returning the Winding Gulf coin- the balance are samples. Also kindly return the sketch submitted, with your next letter.

Hoping that we have fully covered your inquiries, and awaiting your kind order, we are

Dear Mr. Reynolds:

Several years ago we furnished the store at Welch,  
a supply of Master Metal Scrip and we are wondering  
if this store is still in operation. If so we have  
had no orders for any fill-in scrip from that store  
during the time that has elapsed. Will you inform us  
as to this please, so that we may have the proper in-

Mr. L. Kellogg, Auditor,

1708 Union Trust Building,  
Cleveland, Ohio.

Dear Mr. Kellogg:-

We have your letter of June 26th., requesting quotation on 21000 pieces of assorted Patented Metal Script.

Your initial order, placed in June 1920, was sold you by our Mr. Ingle. This order was for 20,000 pieces - divided into 5 sets, each set calling for a separate private design pierced or punched through the script. The total cost of said order was \$1050.00. One or more smaller orders followed.

We presume you would want the arrangement as to cut-outs, to obtain on your present contemplated order.

As we stated in our general letter, we are quoting bed-rock prices on replacement orders at this time and therefore quote you a special price of \$785.00 for the 21000 pieces of script, assorted as per your letter, punched as desired and with the proper wording thereon to comply with the law.

The dollar sample coin herewith will acquaint you with the patented design around which the special wording appears. Sorry we have no other large piece available at this writing. We are enclosing a 10¢ coin from The White Star Mining Co's lot, which in rather condensed fashion shows the special wording on the script.

We trust we may have the privilege of serving you and if favored with your order you may be assured of satisfactory service in every way. When forwarding order kindly send us samples of the various script now in use.

May we also request that you please return the The White Star Mining Co., 10¢ coin herewith as our practice is to account for each piece.

Very truly yours,

Ingle-Schierloh Company.

Dear Mr. Kellogg:-

Immediately upon receipt of yours of the 22nd., instant, relative to scrip shortage reported by Mr. Backus, we made a careful re-check of our packing and shipping records on your order. There were, so we find, 4 pieces of Quarters short but the Dimes are double checked as being O.K., namely, 4000 pieces.

We are nevertheless entering an order for immediate execution covering the 200 Dimes and are crediting you, as per Credit Memo. herewith, with the 4 Quarters reported short.

It will be appreciated if you will kindly request Mr. Backus to re-check the Dimes on the shipment. If he should find the quantity O.K on a re-check, we will bill you for the additional 200 pieces.

We regret that there were no overages on any of the items save the Dollars and halves- a sample of which we enclose. Sorry we cannot oblige you with a sample of each denomination.

When may we expect promised remittance. Definite reply awaited

September 26, 1926.

Mr. L. R. Kellogg, Auditor,  
Kemmerer & Hocking Coal & Coke Co.,  
Cleveland, Ohio.

Dear Mr. Kellogg:-

We have yours of the 24th, advising that you will endeavor to remit covering our account before the end of this month. It will work a hardship upon us if we should fail to receive same prior to the 26th instant or at least on that date. We had fully counted upon receiving your remittance in ten days from receipt of our invoice of August 3rd and the delay has been a disappointment to us.

We cut deeply into our profit when we made you the price that we did, nevertheless we took especial pains with your order and did our utmost to give you prompt service feeling sure there would be reciprocation in the matter of remittance.

It will indeed be a favor if you will use your good offices to see that remittance is forthcoming at once, if at all possible. Please do this and very greatly oblige

Yours very truly,

Gentlemen:-

Answering your telegram, I will be able to tell you definitely what we can do on the account by the middle of next week.

The Company has been liquidating most of its purchases for the last two months by using notes. If you would be willing to accept a note payable in sixty days, which you could readily use as cash, it would greatly help us out in the matter. Your immediate reply will oblige.

Yours very truly,

Dear Mr. Kellogg:-

We are in receipt of your favor of the 2nd.,  
and note your remarks relative to 60 days paper.

Inasmuch as we are comparatively a young concern, we have  
not the facilities for using paper such as some of your other  
creditors may have, and it would work now hardship upon us at  
this particular time. If at all possible, we would indeed appreciate  
your sending over a check for our account.

If you can't possibly do it, we of course have no alternative  
in the matter, since we do need the money now, and we will accept  
your sixty days note with interest of seven per cent.

We sincerely hope however, that upon receipt of this letter  
you will find it possible to send us your check.

Yours very truly,

Dear Sirs:

Our company finds itself unable to liquidate  
in cash the purchases made during the months of June and  
July. Altho business has much improved in the past three  
months, the great drain made on us by the preceding shut  
down has been extremely difficult for us to overcome.

We are, therefore, enclosing our sixty day  
note for the amount of your account and ask that you ac-  
commodate us by taking this paper at this time.

Assuring you of our appreciation,

Yours very truly

To guard against mistakes or delays, the sender of a message should order it repeated, that is, telegraphed back to the originating office for comparison. For this, one-half the unpeated message rate is charged in addition. Unless otherwise indicated on its face, this is an unpepeated message and paid for as such, in consideration whereof it is agreed between the sender of the message and this company as follows:

**1.** The company shall not be liable for mistakes or delays in transmission or delivery, or for non-delivery, of any message received for transmission at the unpepeated-message rate, or for mistakes or delays in the transmission or delivery, or for non-delivery, of any message received for transmission at the sum of five thousand dollars, *unless specially valued*; nor in any case for delay arising from unavoidable interruption in the working of its lines; nor for errors in cipher or obscure messages.

Re, 67480 S -Caretta Store SCRIP

Gentlemen:-

Our billing Caretta Store Scrip as of the 23rd, was erroneous. It was scheduled for shipment on that date along with Coalwood and Six Stores Scrip, but at the last minute trouble developed with the piercing die, which delayed same.

The writer is informed that it will go forward within the next day or so and has instructed that this item be followed accordingly, without fail.

Kindly hold the Caretta Store invoice for correction as to dating in conformity with shipping date, of which you will be duly advised.

Deeply regret this delay as we wanted in this case especially to forward shipment with all possible dispatch.

Very sincerely yours,

Mr. W. S. Tennant, General Merchant  
Cassville, West Va.

Dear Mr. Tennant:-

We are pleased to receive your inquiry for price on MASTER PATENTED METAL SCRIP. There are many stores in and around Cassville that have proven this plan to be the very best they have ever used -- both Money and Time Saving. The first cost is the last - MASTER PATENTED METAL SCRIP never wears out - it will last you a business life-time.

We will be glad to make up 100 -1.00; 100-.50; 100-.25; 100-.10 and 100-.05 pieces, as per rough pencil sketch herewith, for the small cost of \$22.50. Ten dollars (\$10.00) cash with order and the balance on arrival.

If full cash is sent with order, we pay the shipping charges. Here is a little investment that you will never regret having made -- we seriously miss our guess if you don't get the small cost back, every month or two that you have the plan in use. That's been the experience of hundreds of users.

Let us hear from you at once and without delay -- because the doing without this plan costs you a whole lot more than own it and use it. If you want us to go ahead - just write O.K. on this letter, sign and return it with your remittance and we will get the Scrip to you without delay.

Yours for Bigger Profits,  
Ingle-Schierloh Company,

J. H. Schierloh,  
General Manager.

O.K.

I would like to have this by Sept 1  
if you can.

Dear Mr. Lippard:-

wrote you April 16th re. Continental Coal Co. (2 operations) and Forrest Coal Co. (one operation) as being possible prospects at this time and that we had figured their requirements at 15,000 pieces @ 7.00 per cwt

This is in my mind I get a reply from you on this--did it? If no, I have misplaced it and will thank you for copy. Sorry to bother you.

The new circulars are about ready for distribution. They hook up the Register and Master Metal strip in great shape. Surely ought to pull some nice business from these.

In my estimation it's an UNFAIRABLE COMPETITION, providing of course, you always remember there's only one metal scrip-- ASHER B.M.L. SCRIP -- how's that? SHE, we'll do the same, we've forgotten there ever was any other register made - and there never was - not completely-- service etc. considered. have a hunch they're getting their ---- full of that.

Best o' luck-

Dear Mr. Lippard:-

Mr. Ingle stated that Continental Coal Co. 2 operations and Forrest Coal Co., ~~1~~ operation, Fairmont, A. D. Shoultz, Pur. Agt., should be in the market about now for Registers and Scrip. Their requirements for Scrip were estimated at 10,000 pieces ~~properly assorted~~. We quoted them price of \$37.50 per 1000 pieces.

Would appreciate your following up this prospect, Doubtless you have them down calendar for attention.

With best wishes for your success, we are

Very truly yours,

Gentlemen:

Answering your two letters on The Continental Coal Co. and The Forrest Coal Company, will say that we have not as yet been able to get in touch with Mr. A. D. Showalter, the purchasing agent. However we will keep right after him until we are successful in selling him metal money for you as well as cash registers.

For your information will say that the mines in their section have done very little recently on account of labor agitation.

With kindest regards and best wishes and assuring you of our assistance in handling any prospects for you, I remain,

Yours very truly,

Dear Mr. Lippard:

We are just in receipt of your letter of the 24th, and want to thank you for the assurance that you will follow Continental Coal Co., and the Perrett Coal Co. on Master Metal Strip as well as others.

We understand these things were quiet in that section.

If you can use a copy of the enclosed let me know.

Dear Mr. Layton:-

We are just in receipt of your favor of the 22nd,  
asking us to send immediately 2275 PATENTED METAL SCRIP PENNIES,  
COPPER.

We have noted on our factory order to RUSH this shipment  
to you at the very earliest date possible. Accept our thanks.

By the way, can you tell me if Emilio Colosimo, Rivesville,  
operates a store for one of your operations, that is, does he serve  
one of the operations? He owes us a bill since last December and we  
have been unable to get any word or remittance from him. Wish you  
would be kind enough to drop me a line on this right away. If you  
don't know definitely, no doubt you can easily find out from the firm.

Very cordially yours,

The Dayton Stencil Works Co.  
 DAYTON, OHIO

Our Order No. 58572

November 11, 1929.

Mr. R. A. Dayton, Gen. & Pres.,  
Continental Stores Co.,  
Charleston, West Va.

My dear Mr. Dayton:

In pursuance of our conversation some time ago, we are  
enclosing your order for assorted Doctor Relieved total  
weight not to exceed in your letter of November 23, 1929 on  
the basis of our quotation given and as confirmed in  
our letter of the 28th instant, with the understanding,  
that the remaining pieces are to be dispensed without  
notes, namely;

4000 " Nickel  
2000 " Dimes  
5000 " Pennies

All remaining to be shipped January 1st, 1930 or earlier  
if ordered out.

We are at quite a loss to understand or account for the  
disappearance of the pennies. It would appear that they  
are literally being thrown away. There could be no object  
on the part of the employees to account to them and if they  
were being passed out to the customers, they would certainly  
be coming back. If they were getting into the hands of out-  
siders, then too, it would seem, that the other denominations  
would be effected likewise. We suggest that by what ever  
means you can, that you follow the matter of this next 5000  
and then report your experience. Frankly, we see your side  
of this and will do all possible in our power to meet the  
situation if your experience is duplicated on this next lot.  
Of course, on all the other denominations, whatever pieces  
become lost, you're actually ahead of the game. You can't  
really dispense with the use of Scrip pennies and keep your  
Scrip record correct, so, as we said, we'll meet the situation  
if there's a repetition of the experience.

Very truly,  
Ingle-Schierloh Company.

This party, whom we believe is,

no Bill Farmer.

I want to thank you for getting

Again thanking you for your

My Dear Mr. Layton:

With reference to our recent correspondence, have no fear,  
it was not our thought to supply this man with Scrip unless  
he gave definite proof of his authority to purchase.

Thought best to let you look over the letters he sent in.  
Of course they are very crude and in themselves made us  
altogether suspicious of his motive.

Presumably he is under the impression that we are going ahead  
with his request for 100 pieces of \$1.00 Scrip.

If you have any thought as to apprehending this fellow and if  
we can be of any service, please write us further.

Very cordially yours,

Gentlemen:

Applying to yours of the seventeenth, advise metal strip referred to would have no value other than scrap, and it is quite probable that the cost of returning it, even by freight, would offset that small value.

Regret that we cannot give you a more satisfactory reply.

Mr. F. R. Summerfield, Auditor  
Dixport Coal Company  
Charleston, W. Va.

Dear Mr. Summerfield:

Your valued favor of the 15th at hand and it is indeed a pleasure to again hear from you.

It would appear that the previous lot of Penny Scrip shipped you, which was part of a group order for that denomination, were not pierced or perforated, and we find no record of the piercing design used for Dixport.

Assuming that we have the piercing die in stock, we are pleased to quote you a lot price on the 3,300 pieces of Scrip listed, of \$63.00. Terms net. F. O. B. Dayton, Ohio. This Scrip would carry the wording in compliance with the West Virginia Scrip Statute.

It is hoped that we may be favored with your order for this requirement.

R. S. Patterson, Pres.,  
Sycamore Coal Co.,  
Cinderella, West Va.

Dear Mr. Patterson:-

Just in receipt of your favor of the 2nd ordering 1500 pcs. Patented Metal Scrip to be made up to conform with the new law.

With your permission we shall make up this scrip pursuant to sketch submitted. Two reasons - first, it will distinguish the scrip made to conform with the law from the old - second, it will we believe, give you a scrip of better appearance.

Wire us immediately upon receipt hereof (Saturday) if not in accord with your wishes.

Glad to hear of your adoption of the P.C.R. Issuing Register. You'll not regret it. They are giving splendid service and if even any minor trouble should occur, the company is right on the job with their repair men.

No ordering of register back to factory or waiting on an exchange register. We had our fill of that.

Thanks very much for the scrip order.

Mr. G. A. Russell, Asst. Gen'l Agr.,  
Standard Coal Company,  
Minneapolis, Minn.

My Dear Mr. Russell:

I have your request for itemized quotation on  
the coal called for in your letter of the 2nd.,  
etc., etc. I would wish to advise that our price on  
all descriptions of Standard Master Coal series  
is \$1.50 per hundred pieces, provided that on re-  
quest we will furnish you the price of sending  
to - .00 per hundred pieces, although the cost of  
manufacturing on these pieces is equal to that of the  
other sizes. All in all, considering all sizes and  
the relative difference between face value and cost,  
the user is far ahead of the sum on my replacement  
necessities. Therefore it figures \$1.50 per hundred  
pieces on the Nickels, Dimes and Quarters and \$2.00  
per hundred pieces on the pennies. These prices are  
standard. Reserving that it may be our privilege to  
serve you, as we,

Sincerely yours,

Mr. W. H. Dill,  
General Manager,  
W. H. Dill Company,

Dear Mr. Dill:

I want to thank you sincerely for your very  
prompt and friendly

letter concerning your order  
for  
1000  
17  
script  
notes.

It is the opinion of our manufacturing department that it would not  
be feasible to print 1000 pieces of 17 script notes at one time.  
In fact, we would have to take up the entire office of  
the company and close their business out in  
order to do it. It would be impossible to do this in the  
amount of time you can obtain in large  
quantities, yet your question of this was also  
brought up to believe that you would be compelled  
to wait to the use of 17 script. I don't want  
to say just to this, sir it is because it will ruin  
your bank record, or perhaps there's 17 script the larger  
denominations of notes being issued to customers etc.

Under the circumstances, if possible to you, we'll make  
up the 1000 pieces of 17 script for you for £.50 -  
which is actually less than our first manufacturing  
cost, to say nothing of overhead. We want to see you  
use the notes successfully and to our mind there is  
only one way to do it, that is by using all denominations  
of script.

Yours sincerely,

J. R. Robbie Loh,  
General Manager.

Cinderella, West Virginia

Attn. Mr. E. C. Price

Gentlemen:

We inclose your card of the 19th.

It would appear that in the past we furnished you Master patented Metal Scrip in all denominations except the 1.00 since.

These were ascertained as to metals as follows;

Since, if DOLLAR pieces are ordered, they should be of brass to carry out the assortment idea. The reverse side of the Scrip carries the wording to conform to the West Va. Scrip Statute.

We are pleased to inclose our current price circular herewith and it is hoped that we may be privileged to serve you again.

If there should be any question or questions on which you wish specific information, please have no hesitancy in writing us, it will be a pleasure to inform you fully on any point.

In view of the reference to our recent express-

which we have had in mind. If so,  
please advise and place us on your list.

We further suggest that it be advised, timely

Gentlemen:

In reply to your letter of December 12th in regard to correspondence on metal scrip, we wish to advise that we did not make a special request for prices on scrip. We were merely making an inquiry to ascertain whether or not there were any improvements in your system, but we find that we have the same system in operation at the present time.

Should we need additional scrip in the future, we shall be glad to request a quotation.

Dayton, Ohio.

Dear Sir:-

Referring to your recent visit  
and letter of June 19th, quoting prices  
on metal money to comply with the present  
West Virginia State law.

I enclose herewith our Orders  
Nos. 21023-24-25-S, covering metal money  
for Coalwood, Six and Caretta Stores. I  
am also asking Mr. King to forward you  
sample of the money now in use so there  
may be no mistake in preparing dies for  
the new money. Hope you will be able  
to have this new scrip in time to put  
in use on July 23rd, the date the new  
law is effective.

Regarding the scrip for our  
stores in the Fairmont field: Since  
we have only a few of the smaller stores  
in operation, it has been decided, for  
the time being, to use Braddock Scrip  
until there is a more complete change  
in the situation.

Yours very truly,

Dear Sir:-

On the Coalwood and Mareeta orders for Script,  
a charge of \$20.00 each is made for cut-cut dies, since  
the price quoted was based on one cut-cut die for all three  
orders, the same as heretofore. You later stipulated an  
individual cut-cut for each of the three orders. Our  
former price charged for cut-cut dies was \$30.00 whereas  
these two dies are being run through at \$20.00 each.

Very sincerely yours,
